## Scott Rules Rollins Must Receive Pay

COUNCILMAN IS  
LEGAL MEMBER  
OF CITY BODY

Salon Janitor Has Not  
Received Compensation  
For Services

HAS SERVED CITY  
SINCE JANUARY, '28

Discussion Is Rife Since  
Member Was Seated In  
Council

Frank L. Rollins, Salem councilman and public school janitor, is a regularly elected and qualified member of city council and is entitled to compensation for his services in the civic body as representative of the First ward.

City Solicitor Cecil K. Scott, submitting to the request of council members that he issue a legal opinion on the matter, filed this ruling with the body in its meeting last night. A matter which was a subject of a year's dispute in city political circles, appeared to have reached its climax with this statement.

The opinion of the solicitor was based on citations of the Ohio general code. He explained how, in his opinion, Rollins was not qualified for election to office as councilman, but after he had been duly seated and had accepted his legal position as a member, and was entitled to the monthly remuneration allotted all members of the body.

Since March, 1928, Rollins has been performing duties as councilman without pay. City Auditor Helen Worthier refusing to issue him his monthly check on the grounds that he was not a legal member of the legislative body. The matter was brought to light from time to time but was never settled. Rollins, meanwhile continuing as a member.

Two months ago, however, the matter was brought to the attention of the claims committee in the city hall. The committee, and the city auditor, to ascertain the legality of his position. Scott's decision of last night was the result.

"Council shall be the sole judge of the election and qualifications of its members," Mr. Rollins was regularly elected and seated by council with their approval and he duly qualified for the office by taking oath and giving bond. No objections have ever been filed relative to his election or to his taking

SHOTGUN WOUND  
FATAL TO CHILD

4-Year-Old Boy Shoots  
Sister; Parents Are  
Near Prostration

Waverly, O., April 10.—Four-year-old Charles Haynes, handling his father's shotgun, which was bigger than himself, accidentally shot and killed his sister, Dorothy, 7, here yesterday evening.

The shotgun charge struck the little girl in the face, killing her instantly.

Mr. and Mrs. Corbet Haynes, the boy's parents, were on the verge of nervous prostration today.

According to the story that police were able to get from the neighbors, the boy, who was four years old, was tugged his father's shotgun from a corner, pointed it at his sister and then pulled the trigger.

Charles then left the house, todied across the street to the home of a neighbor, and innocently lied, "I shot her too."

At first neighbors laughed at the story of a four-year-old boy carrying a shotgun much larger than himself. But seeing the earnestness of the child, they started an investigation and found Dorothy lying dead in the Haynes home, her face almost entirely blown away and her brains scattered over the floor.

The parents were not at home at the time of the tragedy.

"Nicky" Arnstein, the former husband of Fanny Brice, and once accused of being the master mind in giant \$5,000,000 Wall Street bond theft, is in the police toils again after his arrest in New York on a warrant sworn out by Thomas Kearns of Raynham, Mass., who alleged three men interested him in theater building proposition and ran off with the \$33,000 which he drew from the bank.

Texas Takes Stand  
In Defending Her  
Part In Night Club

New York, April 10.—The dazzling Texas Quinan, the life of anybody's party, will take the witness stand today at the slightest opportunity and tell the world that she is only a hard-working showgirl and knows nothing about a nuisance in her night club.

Tex is charged by the federal government with maintaining a nuisance in connection with the sale of liquor at the Salon Royale, a night-club of yesterday in which Texas created "whoopie."

Of course, Texas is only speaking conversationally when she says "My Club." Her defense will be that she is only hired as an entertainer and is not responsible for whether they sell rum or sauerkraut juice.

Emanuel Roose Expires;  
Hurt When Stark Car  
Wrecked

Alliance, Apr. 10.—Emanuel Roose, 60, of Bundy's Crossing, three miles east of here, died in City hospital last night of a fractured skull suffered two weeks ago in a crash on the Stark Electric line, in a crash here and Sebring.

Seven persons were injured when a traction passenger car went through an open switch and struck a work car. All of those who were hurt recovered, except Roose.

Miners Gather Here  
For Exam April 19

The annual mine foremen's examination of district 12, which includes five eastern Ohio counties, will be held at the Memorial building, Friday, April 19, starting at 8:30 a. m.

Announcement was made today by E. W. Smith, chief of the Ohio division of mines, who states applications may be secured from T. G. Reese, of Salem, and should be filed immediately, at the Columbus office.

Columbiana, Jefferson, Mahoning, Trumbull, and Carroll counties are included in the district.

SALEM VISITED  
BY HEAVY RAIN

Downpour Here Causes No Damage;  
Observers Claim State Will  
Not Suffer From Floods

Rainfall in Salem for the past 12 hours has been heavy, but no damage has been reported. Storm sewers in the city were able to cope with the downpour in most instances.

The steady rain will not cause flood conditions along any Ohio rivers, according to weather observers.

Small creeks may be affected, however, they said, and in some instances may even leave their banks.

The forecast for additional rain tonight and Thursday should cause no alarm, they declared.

Rainfall of from 3 to 1.75 inches was recorded in the state during the past 24 hours.

JUDGE RIDDLE  
IMPOSES FINES  
IN DRY CASES

Salem Residents Found  
Guilty In Lisbon  
Courtroom

TWO DISMISSED  
AFTER HEARING

One Case Remains On  
Docket Today; Sheriff  
Made Arrests

Four of the five liquor cases, involving five Salem persons, were disposed of by Probate Judge Lodge Riddle's court in Lisbon, Tuesday afternoon and today. Pleas of guilty were entered by defendants in two cases, while charges against two others were dropped.

The case of Mrs. Mary Buta, East Pershing ave., in which she is charged with possession of intoxicating liquors, was the only one remaining to be disposed of this afternoon.

Steve George, Depot st., was found guilty late Tuesday afternoon on a charge of unlawful possession of intoxicating liquors, and was fined \$400 and costs. He changed his plea of not guilty to a charge of interfering with an officer in the discharge of his duties to guilty and was fined \$100 and costs on the charge.

On a charge of violating the Ohio anti-liquor law, he also altered his plea to guilty, a fine of \$100 and costs being imposed by Judge Riddle.

Pols Luciani, Broadway, charged with possession of intoxicating liquors and violation of the anti-liquor law, pleaded guilty to the former count, and was fined \$350 and costs. No action was taken on the second charge by the court.

Cases against Nick Burson, alleged operator of a place on Depot st., and James Cosgrove, Depot st., were dropped for lack of incriminating evidence. Burson was charged with possession and Cosgrove with keeping a place where liquor was sold.

Each of the five persons were arrested in raids conducted in Salem by Sheriff W. J. Barlow, assisting deputies, State Officers G. A. Baynham and John Cole, and Police Chief T. W. Thompson, two weeks ago.

Dover Mayor Is  
Indicted For Bribe

Dover, O., April 10.—Ex-Mayor Peter J. Groh, who was removed from office by orders of Gov. Cooper recently, today was under an indictment of the Tuscarawas county grand jury on charges of accepting a \$50 bribe from a state prohibition agent to allow a carload of liquor to be run through Dover.

LINDY ARRIVES

Felt For Safety

Brownsville, Tex., April 10.—Colonel Charles A. Lindbergh, who arrived here unexpectedly from Mexico at 9:30 o'clock this morning, after he had been reported "lost," took the air again at 11 o'clock today for an unannounced destination.

The flying colonel did not say where he had spent the night, but it was believed he landed at Tampico late yesterday.

It was believed Colonel Lindbergh would continue to New York.

He hopped off from Valbuena field, Mexico City at 1:30 yesterday.

One of the busiest sessions of the year was held in Mayor Phil G. Hiddleston's court today, 15 cases, all the result of arrests by Patrolman Ralph Stoffer, being disposed of this morning.

Nine men were arrested by Stoffer about 4:30 Tuesday afternoon on Broadway, on charges of loitering. One arrest was made on a charge of passing questionable bank checks, another for exceeding the one-hour parking limit on Main st., one for careless operating of motor vehicle, and the other on a charge of assault and battery.

Peddlers in Court  
Two Youngstown fruit peddlers were hauled into the mayor's court this morning for selling in the city limits without peddler's permits. Both were ordered from the city, no fines being imposed.

The nine men arrested yesterday on loitering charges were: Nick Grogan, Leontola; Otis Van, Cleveland; Raymond Robinson, colored, Canton; Jack Fines, Youngstown and Paul Johnson, Frank Martin, (Continued on Page 4)

CHARLES DAWES  
AMBASSADOR TO  
GREAT BRITAIN

White House Announces  
Selection; English  
Approve

Washington, April 13.—Formal announcement was made at the White House today that Charles G. Dawes is to be the next ambassador to Great Britain.

The announcement came as no surprise, for it had been known that inquiry has been made of the British foreign office as to whether the former vice president was persona grata.

A reply was received from London this morning that Gen. Dawes is entirely acceptable to the British government, and the announcement immediately followed.

Gen. Dawes is now in San Domingo, where he is heading a commission of financial experts to revise that little republic's fiscal system.

Must Conclude Work  
Just when Gen. Dawes will take over his post is problematical. It depends largely upon how soon he can conclude his work in San Domingo.

Ambassador Houghton sails for home on April 27, and for several weeks it is probable the embassy will be left in charge of the first secretary.

The selection of Gen. Dawes for the British post marks another long step toward the restoration of that complete harmony in the Republican party, which was threatened in the bitterness of the struggle over the presidential nomination last summer.

While there is no question of politics entering into the selection (Continued on Page 3)

Tells of Conditions In  
County; Gas Tax  
Explained

Lisbon, April 10.—If the township trustees at large for the next two years, I feel certain in saying that they will receive a whole lot more help in the construction of new roads in the different townships from the county commissioners than they now receive," remarked John Kerr of Yellow Creek township, president of the Columbiana County Township Trustees association, at a meeting here Tuesday.

"By 1932 all township bonds for road purposes will have been paid off. We cannot do very much with the \$1,300 we retain now except to pay new tax law, but after all of the township bonds have been paid, and the present county road program is

finished, I am sure that we as trustees will be favored more by the commissioners than we are at present.

"The commissioners have put over a wonderful road program, and we know the situation, so just be patient and I am sure that within a couple of years we will be getting out of the mud faster than we now realize."

Called By Surveyor  
The meeting of the trustees and township clerk was called by County Surveyor Lloyd C. Kirk. There were 48 trustees and 13 clerks in attendance. The morning session was addressed by Mr. Kirk, County Auditor Elmer E. Walker, Lemuel H. Johnson, commissioner's clerk, and State Representative W. H. VanFossum.

During the afternoon session, brief addresses were made by Mr. (Continued on Page 3)

SALEM SCHOOL ABOVE  
STANDARD, IS REPORT

Good Points Are Listed  
By Supervisor; Makes  
Recommendations

Salem High school is above standard in administration, teaching, school spirit, extra curricular activities and guidance, and in athletic grounds.

That is the report of J. L. Clifton, director of education in Ohio, in a letter sent to Supt. J. S. Alan and Principal Wilbur J. Springer as the result of a visit to the Salem school March 28 by L. W. Reese, high school supervisor of the state department.

Continued recognition in the North Central association is recommended for Salem High by Reese.

"The administration is excellent," Reese reports. "Mr. Alan and his principal are conversant with modern educational trends and are putting them into action in the high school."

"The teaching is efficient. The socialized plan is very effective."

"Then the supervisor recommends that within the next three years the Salem school system should provide for standard junior high school work. This will necessitate a new building, he adds."

"There is need for better artificial lighting in several of your classrooms," Reese's report says. "A set of standard reference books should be added that will assist the ninth grade students."

SEVERE STORM  
SWEEPING ERIE

Fear Damage Will Run  
Into Thousands As  
Northeast Blows

Sandusky, O., April 10.—What old timers said was the worst storm in their memory was raging over Lake Erie and Sandusky bay this afternoon and the damage probably will run into thousands.

Docks at almost every point on the lake in this vicinity were being destroyed and carried away by the turbulent waters. At Put-in-Bay the dock at which Cleveland, Detroit and Toledo boats land was submerged.

"The water never was known to be higher so high," said Mayor T. B. Alexander of the village of Put-in-Bay.

The mayor reported by telephone that the Perry Memorial grounds are unharmed, as are many boats and other endangered property, he said.

Severe losses are being suffered by the commercial fishing industry, with nets torn to shreds and their catch destroyed.

The wind from the northeast was still increasing in velocity this afternoon. The Cedar point highway also was reported under water.

Kelly's Middle Bass and smaller islands off the lake shore reported conditions similar to those at Put-in-Bay.

Chicago Man Foils  
Bandits On Street

Chicago, April 10.—One bandit was shot and killed, another was probably fatally wounded, and Deputy United States Marshal Peter Larson was hurt in a battle here today when the bandits attempted to rob Larson near his home.

Larson, instead of holding up his hands, drew his gun and killed one of the robbers and wounded another who fired upon the deputy and inflicted a serious wound.

The ordinance which will change the names of many Salem streets was passed over Mayor Hiddleston's veto in a meeting of council Tuesday night. The vote was unanimous.

The ordinance was the second of its kind to be vetoed by the mayor. Council discarded the first, after the veto, and framed a second measure.

This measure was the one which was passed in last night's meeting.

Action on the issue, which has caused widespread discussion throughout the city, was assumed without comment either for or against it. No opponents to the project were present at the meeting, while members of council simply voted on it without statements.

A second ordinance, providing for the abolishment of parking of motor vehicles on Depot st. between Mill st. and Franklin ave., which was vetoed by Mayor Hiddleston a month ago, was dropped, however, after the committee detailed to investigate the matter, reported that the mayor had been correct in his contention that it had not been drawn up in correct form.

Councilman W. U. Filler, chairman of the ordinance committee, reported on this latter issue, in behalf of the committee.

The street naming project, which provides for changes in names of 20 city streets, now will be brought before voters of the city through a referendum, according to leading opponents. Petitions will be circulated throughout the city within a short time relative to securing the city-wide vote on the issue. It was reported today.

MURDER PLOT  
CAUSE OF LONG  
PEN SENTENCE

Man and Woman Who  
Attempted Husband's  
Life, Enter Plea

Ravenna, O., April 10.—Mrs. Mary Bryant, 24, and Maynard Nichols, 27, of Akron, were sentenced to from five to 10 years imprisonment each late Tuesday when they pleaded guilty to a charge of attempting to kill the woman's husband.

The woman was sentenced to the state reformatory at Marysville, while Nichols was sentenced to the Ohio penitentiary. The technical charge was assault with intent to kill.

The affair grew out of a clandestine love affair between Mrs. Bryant and Nichols who roomed at the Bryant home in Akron. They plotted, by their own admission, to kill Bryant, collect his \$1,500 insurance, and marry.

The unsuspecting husband went motoring with Nichols Sunday of last week, Mrs. Bryant and their young daughter accompanying the two men. At Wingfoot lake, the woman and child left the car and Nichols attacked Bryant, striking him on the head with a piece of iron.

Nichols then dragged Bryant from the car, unconscious, beat him, and threw him into the lake, thinking him dead. The cold water revived him and Bryant came ashore, was picked up and brought to a hospital here.

Following the arrest of Mrs. Bryant and Nichols a week ago, both confessed the plot and attack under questioning.

Players To Be Invited From Three  
Counties; Prizes Will Be Given  
In Separate Classes

A tri-county bridge tournament will be held at the Memorial building, Thursday and Friday, April 18-19, Joe M. Kelley, director of the building announced today.

Invitations have been extended to clubs in Mahoning, Stark, and Columbiana counties, Kelley states, and players are expected to compete from Lisbon Alliance, Sebring, Leontola, East Liverpool, Youngstown, Canton and Salem.

Silver trophy cups will be awarded men and women winners of the duplicate contests, and an additional prize will be given for the winner of the open championship.

Homer H. Hickling has been appointed judge and scorer by Kelley.

Findlay, O., April 10.—One of the last hopes of John Leslie, alleged gunman, to escape serving the life sentence imposed upon him after he had been convicted of the murder of Peter J. Grant, night watchman at a large department store here, was shattered today after the court of appeals had denied him a new trial.

Leslie, it is said, will be taken to the Ohio state penitentiary sometime this week.

During the trial, in which it was charged that Leslie shot and killed Grant in an attempted robbery, Leslie based his defense on an alibi. A supreme court appeal still remains open to the man.

Next Thursday 23 or 30 Salem Rotarians will go to Akron to attend the sessions of the district conference. C. E. Tolerton will have charge of the program at next Tuesday's meeting.

Officers To Be Installed  
In High School  
Association

Installation of officers for the year and the formation of plans for the annual alumni banquet and dance will be features of the annual spring meeting of the Salem High School Alumni association, which will be held at the High school building next week.

The banquet, during which all graduating classes of the High school hold reunions, will be held at the Memorial building, Friday, June 14.

Incoming officers are: Robert Van Garrison, '27, president; Ella Thies Smith, '16, first vice-president; Raymond, '28, second vice-president; Cecilia Shriver, '24, secretary; Theda Justice, '28, first assistant secretary; Ethel Bodo, '28, second assistant secretary, and Martha Park, '23, treasurer.

Committees Are Named  
Executive committee—Nellie Haldeman, '23, chairman; Joe M. Kelley, '17, Mrs. Herman Litty, '27, Mrs. Robert Anderson and Roberta Reese, '27.

The scholarship committee is composed of H. H. Sharp, '78, chairman; Mrs. W. H. Dunn, '97, F. R. Fox, '91, Mrs. F. P. Mullins, '10, H. W. Young, '93 and Mrs. L. P. Metzger, '96.

A special committee, which will also meet next week, was appointed today by the present president to investigate into the purchase of a new filing system for secretarial purposes. The committee is composed of Mrs. W. H. Dunn, chairman; Esther Kelley, '23, H. H. Sharp, and R. W. Hilgendorf.

The definite date for next week's session will be announced by Miss Haldeman, executive chairman.

Musicians Entertain  
Salem Rotary Club

Vocal and instrumental music delighted members of the Salem Rotary club at their meeting Tuesday noon at the Elks home.

The program was in charge of A. W. Stoner. Vocal selections were offered by Mrs. L. W. King and Mrs. Charles Cornwall, who sang duets. Two solos were sung by Ben Evans of Youngstown. Mrs. A. W. Stoner played the accompaniment and later contributed a piano selection.

While the luncheon was being served "Pat" Boien and his orchestra played several selections.

Next Thursday 23 or 30 Salem Rotarians will go to Akron to attend the sessions of the district conference. C. E. Tolerton will have charge of the program at next Tuesday's meeting.

## PASSING OF SPEED TRAPS

In the passage of House Bill No. 157, during the closing hours of the eighty-eighth biennial session of the Ohio general assembly, the Ohio State Automobile association achieved a notable victory in the interest of motorists of the state, for the reason that it means the passing of speed traps and roadside courts, which to a great or less extent have preyed on the public for several years.

The bill introduced by Representative Boden of Summit county, which will soon become a law, increasing the speed at which motor vehicles may be operated on the highways as well as on the streets of municipalities, was sponsored by the Ohio State Automobile association, and is expected to eliminate many of the objectionable features that have been associated with traffic in recent years.

Under the provisions of the new law, automobiles in the future may be operated on the highways at a speed not to exceed 45 miles an hour as against 35 miles an hour under the old order of things. In the congested sections of municipalities the speed is increased from 15 to 20 miles an hour, while in the outlying or less congested districts the speed is increased from 25 to 35 miles an hour.

In extending the speed limits, it should be remembered that greater responsibility is placed upon the motorist, as the speed at which he may operate his car must be governed by the condition of traffic. Under this provision reckless operation of an automobile even at a slow rate of speed makes him liable to arrest if the lives or property of others in traffic are endangered, the same as it does if they are endangered while driving at a speed greater than the law permits. In other words, the condition of traffic at all times governs the speed at which a motor vehicle may be driven whether on the streets of a municipality or on the highways in the rural sections.

The sole object of the Ohio State Automobile association in sponsoring this new order of things was not to open the way for the speed demon to continue or to extend his recklessness on the highways, but in fact the opposite, that of making traffic more safe. The fact that the new law places the responsibility for the manner in which the motorist operates his automobile on him, is expected to make drivers of motor vehicles who are inclined to be somewhat reckless, more cautious in the future.

The source of easy money for the justices of the peace, or the mayors of small towns, corporation limits of which often extend a mile or more each way, with their special constables and other officers who have been able to increase their personal revenues through the operation of speed traps in the past, has now faded from the picture. This is due to the fact that but very few motorists will care or even attempt to drive at a faster speed than the new law will permit and municipalities, whether large or small, will not have the authority to place any speed restrictions on motor vehicle operation that does not conform to the new state law.

## What Others Say

MR. HOOVER AND THE SOUTH  
Mr. Hoover's announced policy with respect to Republican office-holding in the southern states will be welcomed and applauded throughout the Republican party. The traffic in federal offices by certain southern bosses has been a standing disgrace to the party. The effects upon national conventions have been deplorable. It is not too much to say that here is the beginning of a new chapter in American political history.

A new opportunity unmistakably faced Mr. Hoover as a result of the last election. A wealth of advice, some friendly, some hostile, has aimed in his direction, suggesting how he could make the most of his extraordinary victory in the south. When the cabinet Democratic critics were quick to cry that the new pres-

ident had turned a deaf ear in the direction of his new found friends. The present announcement is a complete answer to all these volunteer advisers. With a surefootedness that is fast becoming expected in Mr. Hoover's administration, the president ignores the personalities and minor political disputes of the south and proceeds directly to the heart of the problem. He proposes to end the traffic in offices. He promises a rule of honesty and efficiency. Instead of handing the new south a new political job, he pledges it the development of a new Republicanism which will end the scandals of the past and enable the party to build soundly for the future.

We think every one, north and south, will applaud the straightforwardness of Mr. Hoover's policy. It is good politics because it is sound Americanism. It looks forward to no swift purchase of southern support by the promise of offices, but rather to the gradual development in these states of a genuine alternative to Democracy. The creation of such an organization cannot fail to benefit the whole south. In the long run it can scarcely fail to strengthen the realities of American political life.—New York Herald Tribune.

## LOCATE CAUSE WHEN ACHES GIVE WARNING

BY ROYAL S. COPELAND, M. D.

(United States Senator from New York)

Everybody hates to have pain. A man will do almost anything to be relieved of it. He will try any prescription offered. That is why "pain killers" have such sale.

There is little choice in pain. It seems to you the particular pain you have, is the worst that ever happened to anybody. You just "can't stand it."

Perhaps I have told you the story of the old lady who telephoned a new doctor at 2 o'clock in the morning. She said: "I can't stand this pain another minute!" "How long have you had it?" asked the sleepy doctor. "Thirty years, and I can't endure it any longer!"

Some patient persons do put up with pain for a long time. They appear to regard it as inevitable, or have faith to believe it will wear out after a while. But the time comes when resistance is broken and there is a demand for relief.

There are many cases of drug addiction that can be traced to the desire for control of pain. Unfortunately, there are tens of thousands of drug addicts who have no such excuse for their condition. We can pity the sufferer who becomes addicted, but not the social addict who takes the drug for the physical enjoyment he gets out of it. "Joy riding" and pain killing are two different things.

What should we do about pain? There is always a cause for pain. I need not tell you this. But many times it is difficult to find that cause. Yet it must be located, if a real cure is to be effected. Toothache and earache are so definitely located that, in most instances the cause of the pain is

readily found. Headache, neuralgia, neuritis, "rheumatic" pains, and pain in the abdomen, are more obscure in cause. That is why it is not "natural" to have pain. Persistent or periodical pain must always be viewed with suspicion. It must not be disregarded. Even though it may come from something of no particular consequence in itself, the efficiency and happiness of the victim will be impaired. You can't do your work well if you are suffering. But there may be a cause which has other possibilities, worse than pain.

I plead with you to give early attention to any annoying symptoms, the cause of which is a mystery to you. For your peace of mind, as well as for the relief of pain, find out what is wrong.

There are few troubles, very few indeed that cannot be treated successfully in the first stages. It isn't fair to your doctor, to your family and associates, and particularly to yourself, to neglect a searching examination to locate the cause of your misery.

## PREVIOUS TREATMENTS FAILED; OWA-TON-NA CONQUERS

Canton Resident Finds Relief from Rheumatism When He Uses This Fine Old Indian Remedy

Many who suffered with kidney, liver and stomach disorders, rheumatism, neuritis, nervousness and a general run-down condition, found relief in this fine old Indian remedy Owa-Ton-Na.

To those who suffer the misery and tortures that a severe case of rheumatism can give, the case of Mr. Emil Misch, 416 Girard ave. NE, Canton, Ohio, will be interesting. Mr. Misch, whose trade is plastering, says: "In my line of work one can hardly suffer with rheumatism and expect to do very much work. I have been going down hill for some time. I don't know whether it was my work that caused it, but I didn't feel like my former self."

"My stomach started to bother me. I didn't have any appetite. Whenever I ate, food gave me a lot of misery. Backaches were my constant companion; and then I would get terrible headaches and dizzy spells so bad at times that I felt I would have to catch hold of something to keep from falling. Later rheumatism started to set in. Then is when the real torture started. Why, I got so bad I couldn't wear a shoe on my left foot, my foot was so badly swollen. I cut a shoe in several different places and then suffered torture. Although I tried all kinds of medicines, I did not seem to be able to find any relief."

"I had heard so much about Owa-Ton-Na and about the wonderful results people were having that I thought I would give it a trial. I had only taken it a few days when I knew I had the right remedy. My stomach started to act better, when I ate, food didn't distress me. No more gas and bloating spells and those terrible backaches, headaches and dizzy spells left me. Gradually I could notice a difference in my rheumatism. The swelling started to go down and the pain became more bearable."

"Today it is all gone and I feel like a new man. I never saw any-

MR. EMIL MISCH

thing like this fine old Indian remedy, Owa-Ton-Na, and I can't say enough for it. I have recommended it to all my friends and they have been equally well satisfied with its use. Words can not express the terrible knife-like stabbing pains that rheumatism produces. Any one who suffers knows what it is and when these pains start, I say to anyone, "Take Owa-Ton-Na."

The damage done in a severe case of rheumatism is readily seen when one looks at sufferers who have not been able to find anything to relieve this condition, distorted fingers, knees, elbows, ankles, many times leaving its victim a helpless cripple. Nothing is more pathetic than to see these results of this dread disease, rheumatism. Why allow this condition to become steadily worse when Owa-Ton-Na is so readily obtainable?

Owa-Ton-Na is sold in Salem at Fieding's, J. H. Lease and Bolger & French drug stores.—Adv.

## The Stars Say—

For Thursday, April 11

THE general complexion of this day's astral influences may be considered propitious, being under the benign and prospering sway of Jupiter. This is assisted by other fair configurations, denoting lively conditions and possibly some sudden change. However, there is some menace of small anxieties or delays and also a hint of the sinister by way of ill-report and rash judgments which may force issues disagreeably. Discretion is admonished. Those whose birthday it is may prepare for a lively and eventful year, with affairs generally prospering. There is likelihood of sudden change. Also trivial delays and setbacks. Be careful as to rash judgments and sinister reports. A child born on this day may be clever, talented and ambitious and may be expected to rise to good position in life. It should be given early discipline in controlling tongue and temper.

Happy are they who hear their detractors and can put them to mending.—Shakespeare.

## QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 20 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative mixed with olive oil.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night to keep right. Try them. 15c. 30c. 60c.

FAKE DOCTORS  
SWINDLE OHIO  
PEOPLE, CLAIM

Victimized By  
Pair: Use "Radium  
Fluid", Charge

Columbus, April 10.—That "fake doctors" who use hypnotic methods, are operating in rural districts of Ohio and "victimizing" farmers who are made to believe they are on the verge of losing their eyesight, suffering insanity, or possibly having stroke, was warning broadcast today by the Ohio Chamber of Commerce here.

Two farmers are known to have given the "quack doctors" \$500 each, according to officials of the bureau. The victims reside near West Manchester and near Martinsville.

The scheme was disclosed when a farmer, near New Madison, returned suspicious and called a county official.

Also reached the Ohio chamber heads that a man named Charles Van de Plas who lives near Auburn, Mich., was relieved of \$250 by the same scheme, and a farmer in Indiana near the Ohio line surrendered \$500 to the men. One of the men gave his name as "Dr. Davis of Dayton," and the other gave the alias, "Dr. Baker," and the scheme, as it was worked at Madison, is comparable to that usually used. The chamber's warning stated, in part:

"Dr. Davis called at the New Madison home three times before he found the man at home for whom he was looking. Upon his third visit he was looking for 'Dr. Davis' to enter the house. He did. When the farmer returned the man began talking 'farm conditions' to him, and soon turned the conversation to the discussion of glasses and eyes."

Claims Being Doctor  
Claiming he was a doctor "Dr. Davis" examined the man's eyes, and also his wife's. Davis claimed that the wife's eyesight was ruined and that she might suffer insanity. He then explained that a friend of his, "Dr. Baker," of St. Joseph's hospital in Chicago was in his auto outside and that Baker was a famous eye specialist. Baker soon entered and confirmed Davis' diagnosis. Baker suggested the use of a certain radium treatment. Displaying a small bottle, Baker said that he had some of the "radium fluid" with him and that he would treat the woman at home for \$500 if they promised to swear that they would not reveal he had practiced away from the Chicago hospital.

"The farmer became suspicious and called authorities. The men fled."

The farmer near West Manchester, who was swindled out of \$500, declared he had been hypnotized.

AFFLICTIONS OF  
YEARS FIND END  
IN NEW KONJOLA

Well Known Resident of Washington C. H. Relates His Remarkable Experience

ME. SAMUEL DOUGLASS

"I am twenty-eight, and the many people who know me here in my home town, know that for many years I was almost a helpless cripple as the result of rheumatism and the ailments," said Mr. Samuel Douglass, 505 Leesburg Avenue, Washington, C. H. O.

"They know that I had to walk with crutches, and they know how far I was from being able to get on my feet, and how I suffered from this terrible affliction which was in my knees and lower legs. Indigestion added to my suffering, and I was unable to get on my feet for eight days a night, and I suffered all over and in every part of my body."

Attention was drawn to the advertisement of Konjola, and the medicine do me any good. Konjola surely went to the root of my trouble. Just two bottles of this Konjola banished all my rheumatism, indigestion and kidney troubles. No wonder this Konjola is the most talked of medicine in America."

Konjola is sold in Salem at all J. C. Leach-drug stores and by all the druggists in all towns throughout this entire section.—Adv.

LONG AIR ROUTE  
TO OPEN SOON

London to Cape Town On  
Luxurious Planes Now  
Possible

London, April 10.—Great Britain is inaugurating the longest commercial air route in the world, a regular weekly service between London and Cape Town, South Africa, a distance of 7,000 miles.

Within a short time a fleet of the most up-to-date air liners in Europe, including both giant flying boats, and luxurious tri-motored land planes will begin this service which will bring Cape Town within 12 days of London.

The route of the service is from London to Cairo, via Paris and Brindisi, thence along East Africa, through the Sudan, Uganada, Tanganyika, Rhodesia and South Africa.

Imperial Airways airplanes will be operated on the first section of the route, from London to Cairo, while huge flying boats will be used on the first half of the African section. Using the Nile and the great lakes as natural lighting points, these "winged ships" will fly via Khartoum, Kisumu and Abercorn. At the latter junction, land planes will be substituted to continue the service via Broken Hill, Rhodesia and Johannesburg to Cape Town.

Carl L. VanVoorhis of the Ohio Good Roads Federation, Columbus, was the feature speaker during the afternoon meeting, and his time was occupied in explaining to the trustees the full meaning of the amendments to the Green road law as passed by the last session of the legislature.

"You must realize at the beginning that you cannot do much with \$1,300 annually from the gas tax, and that you will have to obtain funds from other sources to put over any major road improvement program," VanVoorhis explained. "This additional money must come from the county, the state and by assessments."

"You will always have to supplement this \$1,300 fund. You have a county system of roads. In fact you have two, one of major importance, and another having to do with the incorporation of roads designated under the Green law. Don't ride your county commu-

El Paso, Texas, April 10.—Kidnaped from a cafe in Juarez, Mexico, Al Coenen, mechanic for Standard Air Lines of California, was a prisoner aboard a Rebel troop train at Juarez last night. Coenen, who was stationed at El Paso, told local newspapermen that he was taken from the cafe by Rebel soldiers.

Mexico City, April 10.—Gen. J. Andreu Almazan, dashing commander of the Federal expeditionary force which recaptured Monterrey from the Rebels at the beginning of the revolution and then successively took Saltillo, Torreon, Jimenez, La Reforma, Chihuahua City and many less important places, today informed President Portes Gil that he expected to enter Ciudad Juarez, the border town opposite El Paso, before tonight.

Almazan's troops entered Chihuahua City late yesterday without encountering opposition. Gen. Marcelo Caraveo's Rebel force in the city had evacuated northward. Almazan continued in pursuit and this morning was within a few miles of Ciudad Juarez.

In his dispatch to the president, Almazan said the "pacification of the state of Chihuahua was virtually completed." He added that an offer of surrender came from the Rebel garrison at Ciudad Juarez to which Caraveo had retreated.

Although the Federal expeditionary force consists of sufficient forces to overwhelm the Rebel garrison, Almazan does not expect to have to use force to take the city. The Rebels are now reported to have evacuated Juarez westward for a last stand in Sonora. Almazan will push on towards Casas Grandes in pursuit.

### Womans Relief Corps Observes Anniversary Of Organization

The Woman's Relief Corps celebrated the 45th anniversary of its organization Tuesday evening at the hall, Main st., entertaining at this time its allied orders.

A brief history of the corps was reviewed by Mrs. Sarah Fitzpatrick. The corps has four charter members. They are: Mrs. Sarah Edwards, 91, one of the oldest residents of this community; Mrs. Rachel Buell; Mrs. Oliver Zimmerman and Mrs. Dora Bentley.

Only two of them, Mrs. Bentley and Mrs. Zimmerman, were at the celebration. Each of the charter members received a pot of hyacinths.

Mrs. James McConner, the president, presided, and presented the flowers to the two charter members present.

Mrs. David Horner played the march for the Civil war veterans, among the guests.

#### VIOLIN RECITAL

A delightful program of violin selections were presented at a recital given by pupils of John Hundertmark, Jr., teacher of violin, Tuesday evening at the Presbyterian church which was well attended.

The chapel was enhanced with spring flowers, plants and ferns. The selections were appreciated.

The program included these numbers: "Souvenir" (Drdia) Raymond Weigant; "Evening Song," (Carl Vogt) Daniel Buchmann; "Anvil Chorus," from Il Trovatore, Christina Fay Robinson; "Deep River," (Groom) Helmut Marother; "Rakoczy" (Berlioz) Camille Hoperich; "Chaconne," (Durand) Elizabeth Snyder; duet, "Song of India," (Rimsky) Camille Hoperich and Jean Olinhausen; "Air Varié," (Debussy) Lucille Van Campen; "Reramide," Lela Vincent, accompanied by Frances Mae Vincent; "The Rain," (Bohm) Jean Olinhausen; "Moment Musical," (Schubert) Margaret Warner; Alliance; "Soldiers Chorus," (Faust) Alfred Daniels; "Kulawiak," (Wienowski) George Gottschling; "Hungarian Dance," (Brahms) Ralph Brinkhouse; Alliance; "Chatterbox," (Langer) Paul Strader; "Souvenir De Sarasate," (Poldoski) Theodore H. Zimmerman; "Minuet Fantastique," (Jahn) Harry Smith; "Flower and Ferns," (Keiser) George Schneider; "Come to a Wild Rose," (MacDowell) Dorothy Fuller; "Reverie," (Vogt) Norman Steele.

John W. Hundertmark gave his own arrangement of "Old Folks at Home," and "When You and I Were Young Maggie." Mrs. Hundertmark was the accompanist for the program.

#### UNITY BIBLE CLASS

Harold Driggs and J. W. Newman of the Apollo Male chorus, East Liverpool, and Mrs. J. L. Calhoun, organist for the chorus, presented a part of the program at a meeting of the Unity Bible class of the M. E. church Tuesday evening at the church.

Mrs. Calhoun offered a piano solo. The three gave a vocal selection and Driggs and Newman sang solos.

Other numbers were: Vocal duet, Mrs. Forest Coy and Mrs. E. F. Narragon; vocal solo, Mrs. Coy; poem composed by Simon Wolford, read by Mrs. Roy Harris; reading, Virginia Lora.

This class will sponsor a concert to be given by the Apollo male chorus at the Salem M. E. church, April 23. There are 30 men in the chorus and two women accompanists. Lunch was served.

#### LUTHER LEAGUE

The Luther league of Holy Trinity English Lutheran church will hold a devotional meeting at Washingtonville Sunday evening, April 28, in the interest of instituting a league there.

Plans for this meeting were discussed at a meeting of the league Tuesday evening at the home of Misses Ruth and Jeanette Hoch, South Union st., Donald Schrage, Canton, president of the district, probably will be at the Washingtonville meeting.

Three members were added. Radio entertainment, games, piano selections and lunch were pleasures of the social period.

The next meeting will be on May 13.

#### LOYAL WOMEN'S CLASS

Plans were made to hold a May party at a meeting of the Loyal Women's class of the Christian church Tuesday evening at the church. The date of the party will be announced later.

Mrs. Jesse Beck's division had charge of the program, which was composed of these numbers: Piano duet, Heloise Shellen and Lella Beck; vocal solo, Margaret Alice Steel, accompanied by Lella Beck; reading, Doris Maxine Miller.

Refreshments were served by Mrs. Minnie Baughman's division.

### ARREST MAN ON BOMBING CHARGE

Postal Employee Facing Trial On Mailing Explosives

New York, April 10.—Thomas J. Callego, a postoffice employee, was arrested today, charged with having mailed the bomb which was found in a local postoffice last Sunday addressed to Gov. Franklin D. Roosevelt. Callego is 45, unmarried, lives in Hoboken, N. J., and had been employed in the general postoffice where the bomb was discovered for the last seven years.

He declared his innocence.

He was locked up in a police station here on a charge of violating the federal statute dealing with sending explosives through the mails. He was to be arraigned later before a United States commissioner.

Callego, who was a negro postoffice porter, was the one who discovered the bomb and, it developed this morning, he has been under surveillance ever since.

#### ROLLINS

(Continued From Page One)

the seat by either a councilman or any private citizen.

"Since there have never been any objections presented, I believe we are compelled, whether we desire to or not, under the statutes to consider Mr. Rollins a regularly elected and qualified councilman," Scott stated.

This Scott explains, gives the sole the necessary qualifications.

Why Scott Gave Opinion

Scott's ruling was in answer to the following question, submitted to him by the council body:

"If a person has been elected to council while holding another public office and is seated by council, and thereafter qualifies for such position by taking oath and furnishing a satisfactory bond, and has served for part of the term for which he was elected, is he then entitled to compensation which has previously been determined by council to be payable to the incumbent of such office?"

The general rule, he declared, is specific in explaining that council is the judge of its members, but exceptions are cited numerous and it was not definitely possible to state whether such a question as the Rollins case would constitute subject for another exception. Until such an exception is made, he said, the general rule should be followed.

He reviewed the stand taken by Miss Woerther in the matter, stating that it is "very doubtful as to the auditor's right to question council's action."

"I believe that the auditor is required by her office to issue warrants to the city treasurer for the payment of Mr. Rollins' salary without question on her part, and that she has no right to refuse payment unless restrained by an order of the court or by action of council," he continued.

A recommendation that, if Miss Woerther continued her refusal to pay his salary, for Rollins to secure a court order issued as a mandatory injunction, to secure his due pay, was made by the solicitor. The collection of the salary, he ruled, was not up to any further action of the body.

Will Not Resign

Rumors that he would resign in the near future were again vigorously denied by Rollins, who declared emphatically, that unless someone proved to him that his stand was not right, he would stick to the finish.

"Until I am given proof that I am not entitled to the position I now hold, I will not resign. I have been told repeatedly that my place in council was not causing the city any embarrassment, and no matters we have acted upon as yet have been nullified because of their illegality by state inspectors, due to my vote," he said.

Mrs. Stratton, chairman of the claims committee, in giving her report on the case, stated that the committee's stand concurred with Atty. Scott's ruling in every manner.

#### COUNCIL

(Continued From Page One)

tion of a new numbering system for city streets, were agitated more than a year ago by the Salem Kiwanis club, and brought before the solons through petitions from various civic organizations, who backed the projects. Council, together with City Engineer F. S. Barckhoff, conducted extensive investigations concerning the advantages of both matters to the city, finally adopting the ordinance late last year.

Street Names Changed

Principal changes involved in the name bill will alter the name of Main st. Roosevelt and McKinley aves. to State st.; Green and High to Second and Third, respectively; Depot and Ellsworth to South and North Ellsworth, and Garfield and Lincoln to North and South Lincoln.

The numbering ordinance was not vetoed by the mayor and met with no opposition from private citizens. It was passed two months ago by the legislators, and is already considered a part of the city's legal code.

It is the plan of council to give the city a newer and modern system of naming and numbering streets. All streets extending north and south will be known as avenues and those running east and west will be termed streets. The new naming plan provides for the adoption of the block system, which stipulates that each block in the city will be allotted 100 numbers, numbers being computed from the number of foot frontage of each residence.

Leading opposition to name changes came from residents on High, Garfield, West Green, and McKinley.

### WASHINGTON SOCIETY AGOG AS DOLLY GANN CASE IS PRESENTED

Vice-President Curtis Fights for What He Thinks Is Proper Social Status of His Official Hostess; World Court to Decide

Washington, April 10.—A world court, sitting not in Geneva, but here in Washington, and composed of some two score diplomatic representatives, is going to decide the momentous question that has had Washington all in a lather for a week past.

That question is: "Where is Mrs. Edward Everett Gann going to sit?" at official functions.

Facing his first great crisis as secretary of state, and that coming before he hardly had his chair warm, Henry L. Stimson, with true diplomatic finesse, side-stepped the ticklish question and in the parlance of the half-world passed the buck right back to the diplomats themselves.

Diplomats Hear Brunt

Consequently if Vice-President Curtis' half-sister and official hostess is seated below the wives of the ambassadors and ministers at official functions, it is the diplomats themselves who will take the onus for it.

A quick decision is necessary if international amities are to be preserved, for tomorrow night Senator Don Carlos Davila, the Chilean am-

bassador, is giving a dinner at the Pan-American union. Don Carlos had an appointment today with Sir Esme Howard, the British ambassador, who is dean of the corps, and it is likely a meeting of the full corps will be called later to weigh the matter with all the solemnity that is inherent in such a grave matter.

That the diplomatic corps does not relish the job Stimson handed to them, was evident today. Originally, Sir Esme had asked the state department what ruling it had made. This coincided with the time

of the Kellogg letter to Curtis definitely placing his sister below the diplomatic wives.

Proposal Voted Down

At the meeting at the British embassy Monday night, called to decide what to do about Mrs. Gann, a proposal to accord her the rights of a wife of a vice-president was voted down, and during the discussion some of the diplomats pointed out that it was not up to them "to pull the state department's chestnuts out of the fire." They further pointed out that to dictate to "senators' wives," over whom they had no control, would be improper. And besides that, it was these same senators' wives, one high ranking diplomat pointed out to his colleagues, who had objected originally to according Mrs. Gann the rank she and her brother were fighting for.

He referred to the failure of Mrs. Gann to be elected to the presidency of the Congressional club, an honor usually given the wife of the vice-president. Mrs. George H. Moses, wife of the president pro tempore of the senate, was selected instead.

FRUIT OUTLOOK REPORTED GOOD

Apple Trees Are In Exceptionally Fine Condition Over County

Commissioner Reports

Lisbon, April 10.—"There is every indication that this will be a big apple year in Columbiana county," County Commissioner Frank Bye of Middleton township declared today.

"Both apple and peach trees are showing a heavy bloom just now, and in fact the trees in the eastern part of the county are carrying a heavier bloom now than a year ago. The apple crop last year was not exceptionally heavy, but the peach crop was considered normal. Unless there is a sudden freeze, I and other growers about the county agree that the peach and apple crop this season will be the heaviest in years."

Small fruit plants are reported to be doing well. Berries grown in the eastern part of the county this season will be trucked to East Liverpool, Youngstown and Pittsburgh.

MAYOR'S COURT

(Continued from Page 1)

Wilbur Schultz, John Rogers and Billy Beck of this city.

Rogers was the only member of the party to enter a plea of not guilty. Hearing in his case was set for 9 a. m. tomorrow, and he was returned to city jail, after he was unable to furnish bond of \$100.

Johnson and Martin paid a fine of \$10 and costs, following their pleas of guilty. Grogan, Fines, Robinson and Beck were ordered from the city and released when they promised to leave.

Five Days in Jail

Schultz was given five days in the city jail and his repeat, during this period is to be limited to bread and water. Van, fined \$25 and costs was unable to pay and is still being held pending payment.

Louie Crisan, Salem, charged in an affidavit filed by George Koutz, also of this city, with assault and battery, pleaded not guilty and Mayor Hiddleston continued the case indefinitely.

Donald Smith, Leetonia, entered a plea of guilty to careless driving and paid a fine of \$5 and costs, also agreeing to pay for damages to the automobile owned by Emmett Eakin, R. D. 3, Salem, into which he was alleged to have backed into at Depot st. last week. Eakin preferred the charge against him.

M. J. Sullivan, Jr., of Cleveland, paid a fine of \$5 and costs, pleading guilty to a charge of parking on Main st. for more than one hour. The case against Donald Lamright, this city, in which he was charged with passing questionable bank checks, was dropped after he agreed to make good the amount of the check.

Each of the men to face Hiddleston this morning were arrested by Patrolman Stoffer, either last night or this morning.

# News Of The World Through The Camera's Eye

## They All Trod the Path of Glory to the Grave

Death has struck down these six leading figures in the great drama of the World War. Strangely enough, from the death of Earl Haig, in January, 1928, to that of Ambassador Myron T. Herrick, they have followed each other to the grave within the compass of little more than a year. Left to right are shown, Earl Haig, died Jan., 1928; General Diaz, died Feb., 1928; Lieut.-General Jacques, died Nov., 1928; Marshal Foch, died March 20, 1929; General Sarraill, died March, 1929, and Myron T. Herrick, died March 31, 1929.

## Flames Play Havoc With Gigantic Vessel

Forty million marks sounds like a lot of jack to lose. As a matter of fact, it is because, which ever way you figure it, it's still about 10,000,000 dollars in U. S. money. Anyway, that's the estimated damage of the disastrous fire which threatened to destroy the giant ocean liner "Europa" while she lay in Hamburg, Germany, harbor. Picture shows flames eating away at a terrific pace. Repairs will begin immediately, however, and ship should be in condition to cope with trans-Atlantic traffic by next summer.

## Singer Brings Alleged Suit Against Kahn

There was a time not so long ago when Miss Rosalinde Morini didn't have enough words of praise for Otto Kahn, producer and patron of arts, but something seems to have changed her mind. Some difference of opinion as to what Kahn said of her voice is causing her to bring civil action against him for libel.

## Crew Lucky as Destroyer Sinks Schooner

The crushed bow of the U. S. destroyer "Childs" tells its own story of the crash which sent the schooner "A. Ernest Mills" to Davy Jones' locker off Norfolk, Va. Six of the schooner's crew of nine were rescued, nine of the destroyer's crew, under the command of Lt. Com. J. L. Hall, inset, were in the forward compartment when the ships met, but luckily escaped with only the loss of their belongings.

## More Rifle Honors

"Bulls-eye Jerry" Shelly of Kansas University has won practically every rifle competition in which she has entered. She has attained the high average of 96.9 in 24 matches with girl teams from all over the United States which is all the more remarkable when you consider that she fired from prone, sitting and kneeling positions, the last two usually reserved for men.

## COOPER TO PAY OWN EXPENSES

Governor Will Not Use State Funds For French Trip

Columbus, O., April 10.—Gov. Myers Y. Cooper will pay his own expenses to Europe next fall, even though the Able bill, passed by the legislators in their recent session, provides a \$25,000 fund for the governor, adjutant general and a commission of ten to go to the foreign country.

This was the announcement made by Ohio's chief executive today. Adjutant General Arthur D. Reynolds followed in the footsteps of

Gov. Cooper and made known his intention of also defraying his own expenses.

A gentle "newspaper razzing" given the bill when it was first introduced and again when it was passed is believed to be responsible for the officials' actions.

"Both Gov. Cooper and myself are able to pay our own expenses on this trip and we fully intend to do so, although the legislature has generously appropriated money for our use," Reynolds declared.

The appropriation will now be used only by the commission of ten, to be appointed by the governor from the World war veterans in the state legislature and the band that is to be selected from the surviving members of the 37th Division, A. E. F.

The party is to take part in dedicatory ceremonies of Ohio monuments to its World war dead in France and Belgium.

New York—The alarm clock ought to be abolished along with morning setting-up exercises and cold showers, in the belief of Dr. Jesse Williams, professor of physical education at Teachers college, Columbia university; the way to get up on time is to go to bed early; the way to keep fit is to walk four miles

daily, golf or swim or play tennis or ride horseback.

New York—Three negro troubadours have flown from Fayetteville, N. C., to jazz up Broadway. White fliers who were entertained while weatherbound gave them a ride north to Curtiss field.

### CLEVELAND HAS DOWNTOWN FIRE

Several Injured As Blaze Sweeps Large Building; High Wind Adds To Dangers

Cleveland, April 10.—Losses estimated at \$200,000 were suffered when a disastrous fire swept the Buckeye building in the heart of the downtown district here early today.

Two men who had just come to work were trapped in the burning building and were rescued by firemen. Louis H. Forman, manager of the Liberty Vest company, one of the two suffered a severe cut on the hand in the escape.

Traffic was blocked on two streets as all downtown fire companies worked to prevent the flames from spreading. A high wind added to the danger.

Streams of water from 13 hose lines were played on the burning building while a huge crowd watched in the street. The heat caused windows to crack and several persons were slightly cut by falling glass. The origin of the fire has not been definitely determined.

### Grangers Exchange Shrubbery, Seeds

An exchange of seeds, bulbs and shrubbery added interest to a Flower Garden program presented at a meeting of Greenford grange Tuesday evening.

The roll call response was "How I Would Spend \$1 For a Flower Garden." Songs were sung by the grange.

Of special interest to the women was the apron style show. The women brought their favorite apron and told why they liked it.

Two candidates were obligated in the third and fourth degrees. Plans have been completed for painting the hall inside and out. Work on this improvement will be begun this week.

Garfield grange will give the program at the next meeting in one week.

## In Playhouses Of Salem

**"REDSKIN"**  
Here is the story of "Redskin," which closes a three-day run at the Grand tonight.

Wing Foot, son of a Navajo Indian chief, returns to his tribe after his graduation from college. Unable to accept the ancient superstitions and customs of the Indian, he finds himself an outcast among his people but he strives to conform outwardly and wins back some of their favor. When the old tribal medicine man dies and Wing Foot refuses to take his place, and he is driven from the tribe.

During his school days and college years, he has fallen in love with Corn Blossom, a girl from another tribe, the traditional enemy of the Navajos.

Before Wing Foot can take her away and marry her he is discovered and has to flee. He wanders into the desert where, without water, his pony dead and near death, he has a vision of his mother which leads him to Forgotten Valley. There he finds water and oil. His discovery just precedes the arrival of two white oil prospectors and they race Wing Foot to the nearest telegraph station to file the claim.

Meanwhile Corn Blossom has escaped and, pursued by her tribe, she heads for the Navajo reservation and they race Wing Foot to the nearest telegraph station to file the claim.

## CAN'T PRAISE IT ENOUGH

Lydia E. Pinkham's Vegetable Compound Helped Her So Much

Kingston, Mo.—"I have not taken anything but Lydia E. Pinkham's Compound for 18 months and I cannot praise it enough. I weighed about 100 pounds and was not able to do any kind of work. My housework was done by my mother and my out-of-doors work was not done. I have taken four bottles of the Vegetable Compound and now I am well and strong and feel fine. I got my sister-in-law to take it after her last baby came and she is stronger now. I cannot praise it enough."—Mrs. HARTIE V. LANTIER, R. 1, Kingston, Missouri.

station, places his claim and returns to tell his people of their good fortune. He arrives at the village just as Corn Blossom's pursuers close in.

Wing Foot averts the threatening battle by telling the Indians of his oil discovery which will make them all rich. His oratory makes peace between the tribes and he claims Corn Blossom as his own.

**"WHY BE GOOD?"**

Anyone who has ever left his girl-friend hastily at 3 a. m. after strong parental hints from the top of the staircase will appreciate the amusing situation in which Colleen Moore and her leading man, Neil Hamilton appear in "Why Be Good?" the State theater's present picture.

"Why Be Good?" a story of a flirtatious modern girl, revives memories of such occasions, which serve to make this comedy-drama one in which the principal characters are usually understandable and human.

Mrs. Moore, as a dance-mad peppy girl of 1929 model, and Hamilton are seen in a romance that is both humorous and serious. The players are seen in jazzy night clubs, in a bungalow on top of a skyscraper, and in the cheap but honey house of a stellar character, William A. Seiter directed "Why Be Good?" at the First National Studio, the story having been written by Carey Wilson.

## "HEAD OF THE FAMILY"

Doctors the world over are generally unanimous in the opinion that there is nothing so good for a physical or spiritual disability, actual or imagined, as a good hearty laugh. An opportunity for all dyspeptic persons with a grouchy, pessimistic, and all others who feel that the world is not being run the way they like it, to absorb a fine anecdote is at the Royal theatre tonight where "The Head of the Family," film farce based on the Saturday Evening Post story by George Randolph Chester, arrives.

It purports to carry more than 200 laughs to the onlooker, unquestionably this beats laughing gas a mile, and to jack up the interest in the proceedings the film boasts of a cast which includes the very personable Virginia Lee Corbin, the very he-manish, William Russell, the always cute and saucy Mickey Bennett, and others of a kindred ilk.

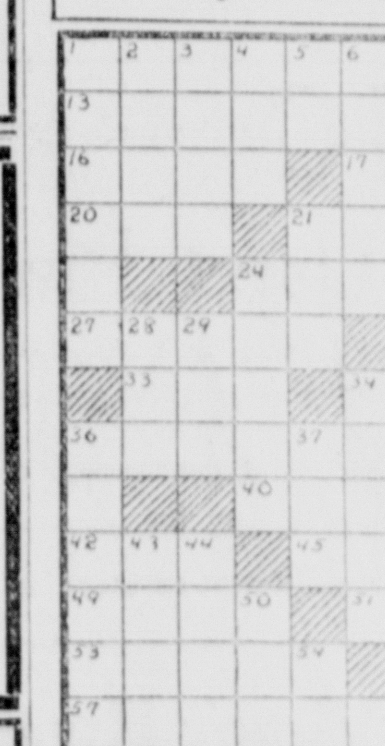

Joseph C. Boyle directed the story from an adaptation by the well known scenarist, Peter Milne, Denn Hayes, one of Hollywood's most celebrated film editors, put his deft hand to this job, with excellent results.

## THE GUMPS—THE WELCOME MAT OUT AGAIN

## HOME-MAKING HELPS

By Wanda Barton

Telephones should be heard but not seen. They have to be placed in or near the living room so they can be answered conveniently. But nobody regards them as particularly decorative, and all sorts of devices are adopted to conceal them. You hear a persistent tinkle, and if you don't know the source, it takes a few minutes to trace the telephone to a beautiful lacquered cabinet, or behind a fine table screen, or under the ruffles of a huge silk and china doll with a baby stare.

The modern artists have no patience with such camouflage. And among the new designs is a "telephone corner" which keeps the instrument at a discreet distance, but very convenient in point of use. The corner (which can be any little space not big enough to accommodate a large piece of furniture) consists of a low settee about 2 feet from the floor. It includes a deep shelf, about 4 inches beneath it, long enough to hold the various directories not constantly consulted.

Ernest H. Oliver, traveling secretary for the China International Famine Relief commission and reported in a message received from him.

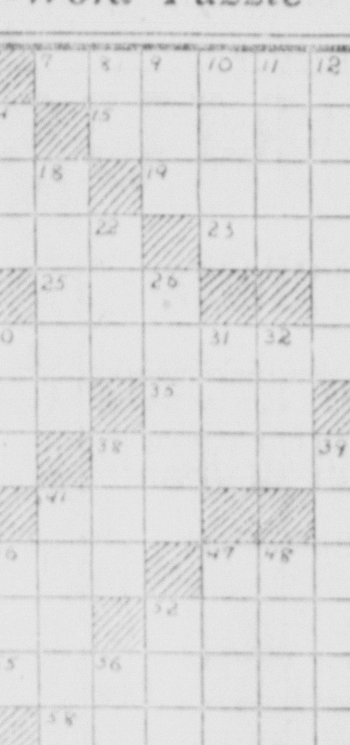

The appalling account was sent via Sanyuan Shensi, and gives an account of his inspection of the eastern part of Kwan Chung Tao. The itinerary included Fuying, Pucheng, Hanyang, Tungchow, Chaoi, Tung Kwan and thence back to Sanyuan, after which the western section of the Kwan Chung Tao will be investigated.

Sienyang and Chinyang-huen were visited on the way to Sanyuan and entire villages were found starving or living on poor substitutes such as mulberry leaves, ground cotton seeds with the cotton lint still adhering, yao tai roots, cotton seed cake, and the like.

"They have not tasted wheat or other grain, with the exception of a little bran, for five months," he writes. "The stocks of cotton seed are giving out and the same applies to yao tai roots, after which there is nothing but starvation."

Long trousers, straight and ample, or caught under the knees to suggest the zouave line, are accompanied by jackets and blouses of every type and length. They come in every color of the rainbow, usually the gayest ones make pleasing contrast to the other garments worn with them.

Sometimes the jacket is straight, sometimes, half length or hip-length boleros, with the blouses either tucked in very high waisted trousers or with short flaring petticoats and buttoned in gilet effects. The one-piece beach garment, with short bodice stitched or fastened on to straight trousers, may like little boys' wear, is also appearing at many houses.

One house uses creamy-white or egypt flannel trousers with sleeveless jersey sweaters and a bright flannel sash swathed in Basque fashion. Over this is worn a plain straight-line jacket in navy-blue with brass buttons.

New little jersey bathing-suits are of one-piece and the very shortest possible piece at that, with a tiny little flared skirt attached. A model in white is banded and bordered with red applique fishes; another in yellow has its tiny skirt

lined with orange to match the neck border and still another in blue has a great coral fish applied the whole length of the bodice, its silk tail flapping free.

## No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take Basalman's Gas Tablets, which are prepared especially for stomach gas and all the bad effects resulting from gas pressure.

That empty, gnawing feeling at the pit of the stomach will disappear; that anxious, nervous feeling with heart palpitation will vanish, and you will again be able to take a deep breath without discomfort.

That drowsy, sleepy feeling after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms and fingers will no longer feel cold and "go to sleep" because Basalman's Gas Tablets prevent gas from interfering with the circulation. # Impressive American Golf Retinue Enroute To Merry Old England

By DAVIS J. WALSH  
New York, April 10.—A most impressive team of golfers—ladies, gentlemen and professionals, if you will—will set sail for England late this afternoon on a matter of urgent business.

They go in the guise of friendship and all is bound to be garlands of laurel from the very first. But when it is over and Mr. Hagen has delivered himself of his customary remarks to the populace, strictly for his own good, the British may not have much left except their self-sufficiency and the right to go out on the course and pick divots.

In some respects, the arguery is the most impressive ever sponsored by American golf and, although Mr. Hagen will not take part, the project isn't altogether remote from a country that has seen a lot of its last eight open championships settled in "the states."

There is nothing the matter with British golf, except that the boys over there are too ready to do what the photographer tells them. They

### Light Results

At Cleveland—Gorilla Jones, negro welterweight of Akron, Ohio, won with Tommy Freeman, of the Pa. 12 rounds.

Paul Piroone, Cleveland welterweight, stopped Russ Leroy, Fargo, N. D. five rounds.

At Jay Goodman, Cleveland, outpointed Jimmy Bordi, Detroit, six rounds.

At Hagerstown, Md.—Joe Belmont, Baltimore, won decision over Ed Williams, former bantamweight champion, eight rounds.

At Paris—Al Brown, Panama, knocked out Joe Cadman, of England, three rounds.

At Chicago—Al Greenfield, Chicago junior lightweight, defeated Willie Mitchell, Belgium, 10 rounds.

At Los Angeles—Bert Colima, Mexican middleweight, knocked out "Wild Bill" Rogers, Los Angeles, 44 rounds.

At Minneapolis—Harry Dillon, Winnipeg, light heavyweight, knocked out Billy Freas, Indianapolis, three rounds.

### Ten Years of Discomfort Over, Come In Six Weeks

"For ten year my life was one discomfort after another. I suffered at the time. Some declared I had an ulcerated stomach, and others stated me for my liver and kidneys. I took barrels of medicine, much of which did me no good.

"One night I heard a health evangelist lecture. He declared catarrh was responsible for most of the chronic sickness. I knew I had catarrh, but had thought it was so little that I didn't pay attention to it. That night my husband urged me to take World's Tonic and to humor him I got a bottle.

"Just imagine my pleasure and surprise when I began to feel better. World's Tonic seemed to help me from the first dose. In six weeks I felt well again. The gas left my stomach, also the bad taste in my mouth disappeared. My bowels moved regularly and now I can eat any food that is set in front of me. You would never think I had been sick to see me now. I have gained thirty pounds, my face is rosy, and I enjoy living to the utmost, thanks to this wonderful new medicine.

Dr. L. Case, East Liverpool, Ohio.

## German Expert Creates New Speed Photography Device

Prof. Carl Franz Claims Invention of Camera Which Will Photograph Objects Moving At Speed Of 6,000 Miles a Second

Berlin, April 10. — Three million clear, even-sized snapshots per second taken on a stationary film at an exposing time of one tenth of one millionth of a second each—sufficient to photograph objects moving at a speed of 6,000 miles per second.

This is the remarkable record which Professor Carl Franz, one of Germany's most famous experts on ballistics, claims to have established by a new device of electric spark photography, which he explained in an exclusive interview with International News Service.

Professor Franz believes that his invention may contribute to the perfection of flying by studying more thoroughly the technique of the flight of small birds and insects and that it may also prove helpful for the improvement of manufacturing methods in various industries.

**Any Visible Object**  
"The invention makes it possible to take pictures of any visible object on earth moving at the quick—known speed," said Professor Franz. "The highest speed ever attained and measured was 1,800 to 2,000 meters per second. It was reached by splinters of the shells fired into Paris by the famous German long range gun during the war, popularly but mistakenly called the 'Big Bertha.' The shells themselves move a little slower. But with the new device one could easily catch mass moving at a speed of 100,000 meter per second. Such a speed has never been attained on earth and will, in all probability, never be reached by men."

"High frequency cinematography analyses infinitesimal phases of mass in motion and notes the mechanical reactions upon it most minutely."

"In 1909 I reached a frequency of 5,000 pictures per second and in 1912 Br. Glatzel and I reached a frequency of 5,000 to 100,000 pictures per second. Such a frequency had never been attained before. The pictures were produced on a film reeled at high speed."

"Making three million pictures

out to the benefit of natural science and industry, and, I may add, of ballistic experiments. The Allied Military commission, after the war, visited my ballistic institute at the former Military Technical Academy here and demanded it to be closed down. We have reorganized the institute on purely scientific lines and we are now applying our experience to peaceful purposes only.

"The new invention may offer a new clue to the technique of the flight of insects, some of which are credited with 30,000 wing flappings a second."

"The new device may also prove helpful for industrial purposes. It will contribute to improve tools used in metal turning by analysing the motion and the breaks of metal chips turned off at a very high speed."

### High Speed Snapshots

"Automobile manufacturers may learn through the invention how to improve tubes through which oil is injected into the combustion room of a motor."

"Finally, snapshots taken at such a high speed will greatly increase our knowledge of the exact process of the explosion, the shot, the development of powder gas and the so-called 'dum-dum' effect of bullets can be closely examined by discharging a gun into plastic bodies."

"The question of what really happens during an electric short circuit, in many respects a puzzle to electromechanics, may be answered with great precision through the new device, the character of

chemical explosions be revealed and electric sparks may be caught on the film and their qualities investigated more thoroughly."

New York—An excited policeman called the East One Hundred and Fourth Street police station to report that he had found 54 kegs of explosive at the foot of East Ninety-Fourth st. Experts failed in efforts to burn or explode the mysterious white powder, which finally was expertly determined to be salt dumped off a truck.

Indianapolis—Harry Hartz, noted

This is EVERYBODY'S battle. If one family neglects to buckle on the bright armor of civic pride, that street will suffer and the Dragon of Neglect will creep into the neighborhood. Indifference and Procrastination have more far-reaching effects than most people understand. A slovenly house and grounds reflect on the entire section—garbage under a beating sun can start a disease epidemic that will sweep a town.

The Clean Up, Paint Up and Fix Up Crusade is therefore a Crusade in behalf of everyone and the entire country. Do your share! Back up the Knight who rides ahead through every community, his lance out of its scabbard, ready to slay these demons of Neglect.

## Clean Up and Paint Up

Hear the radio program of the "Hudson-Essex Challengers" every Friday evening.

It Challenges Your Interest in These Important Ways

### EASY TO BUY

For Instance, the Coach \$320.00  
Down and Monthly Payments  
of \$30.50

Your present car will probably cover the entire first Payment.

The H. M. C. Purchase Plan Offers the lowest available finance terms on the balance.

### EASY TO OWN

On our own streets Essex the Challenger, under competent observation, averaged miles per gallon. The average owner in this city can expect 18 to 20 miles and upward. Hundreds of records all over the country during "Challenger Week" prove Essex economy. Commercial users operating large fleets of Essex cars say that service and maintenance costs covering millions of miles of operation are lowest of any car they ever tested.

Essex the Challenger sweeps aside the barriers of price class. It challenges the performance, the style, the luxurious roomy comfort of any car at any price, on the basis that no other gives you back so much for every dollar you put in. That is why the big buying swing is to Essex. That is why motorists by thousands are switching from past favorites, and trading in their present cars for the big values Essex the Challenger gives.
